INCLUSION AND DIVERSITY AT COWEN

We pride ourselves on our empathetic and collaborative culture, where the power of diversity is harnessed to transform the status quo. Our focus on inclusion expands our thinking in order to generate better outcomes for clients, while striving to increase fairness and equity for our colleagues. Inclusion and diversity are business imperatives, built upon our core values – enabling us to excel and outperform.

When it comes to inclusion and diversity, Cowen adopts a holistic approach, involving both **systemic change** to mitigate biases and advance inclusion through the use of metrics, governance, reporting, and accountability, as well as **culture change** to build awareness and to create an atmosphere of inclusion for all employees regardless of background. This holistic approach to I&D comprises three inter-connected focus areas: Talent, Culture, and Community.

---

**TALENT**
Attracting the Best and Brightest

**CULTURE**
Empathy and Collaboration

**COMMUNITY**
A Force for Progress

---

INCLUSION
The action or state of including or of being included within a group or structure

---

*This policy applies to Cowen Inc. and our subsidiaries. We expect those we do business with to act in a similar fashion.*
We believe that diversity and inclusion are the catalyst for success and innovation in the workplace and welcome individuals with distinct personalities, goals, backgrounds and views. To foster a more inclusive culture that drives positive outcomes for our colleagues, clients, and communities, we take a holistic approach to inclusion and diversity. It starts with who we hire and how we develop and retain talent as well as how we operate within the financial ecosystem and implement better governance and accountability.
Cowen’s long-term success has been driven by a focus on disruptive and innovative growth industries. Our culture of inclusivity and collaboration — in which authenticity is valued and new ideas are welcomed and embraced — lies at the heart of Cowen’s ability to outperform for our clients. I often use the metaphor “diversity is being asked to the party, inclusion is being asked to dance.” At Cowen the Inclusion and Diversity team shapes programs and processes that ensure that all our colleagues are “invited to dance” in meaningful ways.

By fostering an inclusive and diverse culture at Cowen, we empower our employees to do the best work of their careers. We strive to attract talented people to help challenge the status quo – curious, creative team players who think differently and are aligned with our values. There is a shared belonging that enables us to thrive and outperform as individuals, as a community, and as a company.

**DIVERSITY**

The state of being diverse encompassing all the ways we differ; it includes the readily visible differences as well as the underlying differences that may be below the surface.
CULTURE OF COLLABORATION

Cowen promotes a culture where communication, collaboration, and respect are essential to driving positive outcomes for our colleagues, clients, and the communities in which we live.

We are committed to engaging with our colleagues in productive and meaningful ways. Regular leadership roundtables, inclusion circles, town halls, and group feedback sessions enable our colleagues to provide insight on the organization’s strengths and the opportunities available for improvement. Our twice-a-year Inclusion Inspires speaker series features dynamic thought leaders who will bring fresh perspectives to inclusion and diversity.

Through our Cowen Cares programs, we empower our employees to give back in ways that matter to them by matching employee donations to non-profit organizations, helping organize volunteer activities, and providing opportunities for community outreach.

COMMUNICATION
The exchange of information and the expression of feeling that can result in understanding
Be Yourself
WORKPLACE BUILT ON **MUTUAL RESPECT**

We value individuals with unique personalities, goals, backgrounds, and views. Nurturing a culture that embraces balance and belonging is a catalyst for success and innovation in the workplace. It is imperative that our colleagues are comfortable coming to work and feel that the workplace is a safe environment that fosters mutual respect.

We work to maintain a workplace that is free of discrimination or harassment on the basis of sex, race, color, religion, religious dress, disability, marital or partnership status, national origin, sexual orientation, gender identity or expression, pregnancy, military service, genetic information, citizenship status, employment status, or any other status protected by applicable law, ordinance, or regulation.

**EMPATHY**

The ability to share someone else’s feelings or experiences
FOSTERING A SENSE OF BELONGING

Our Business Resource Groups collaborate with the Inclusion & Diversity and Human Resources teams to promote a sense of community, belonging, and inclusion at Cowen. Our BRGs are employee-led organizations empowered to help support our diverse communities, provide recruiting and professional development strategy, and make a significant impact in our workplace and society as a whole. Employees are encouraged to participate as allies to develop empathy, learn, and advocate for their colleagues.

By providing financial and organizational support and access to decision-makers, each BRG is given the opportunity to promote initiatives that are meaningful to their community. Volunteering time, hosting speakers to discuss key issues affecting their communities, and organizing events for members and allies to celebrate and honor significant heritage months such as Black History Month or Pride are just a few examples of the outstanding work performed by our BRGs in collaboration with the Inclusion and Diversity team.

WHAT OUR EMPLOYEES HAVE TO SAY

Vault 2022 Survey of Banking Firms

Cowen ranked:

#10
FOR RACIAL & ETHNIC DIVERSITY

#11
FOR LGBTQ DIVERSITY

#11
FOR GENDER DIVERSITY

What employees have to say about Cowen:

The firm makes a great effort in the diversity programs. They’ve formed groups/committees and have developed opportunities for employee-developed-and-led groups to continue outreach and recruiting efforts.

We are an outspoken advocate for the LGBTQ community and the problems regarding the gender disparity in banking. These policies make me proud to work for Cowen.

The people I report to have encouraged me to identify and hire minority candidates. It’s not just lip service. This is a goal I believe in personally and thus grateful to be at a firm that shares my ideals.

Cowen ranks among Vault’s top 25 banking firms in a survey of over 3,000 professionals.
